Model

BNE-S110

BNE-S110

Compact 2-Pocket Sorter

Fast, accurate multi-currency
counting for banks and treasuries

The BNE-S110 is a compact **dual-pocket** sorter — simple, fast, accurate and easy to maintain. It counts mixed denominations with **automatic currency detection** and totalization, supports up to **60 currency types** and reads and prints USD and EUR serial numbers. It raises the bank's automation level, improves work efficiency and reduces cash custody risk.

Features

- Dual pocket for greater task versatility
- Up to 1,000 notes per minute
- Totalized mixed denomination counting
- Up to 60 currency types
- Multi-denomination CIS sensors
- Automatic currency detection
- Detection by CIS, magnetic, infrared and UV
- Detects doubles, halves and chained notes
- Sorts by orientation and note face
- USD/EUR serial number reading and printing
- 5" color touch screen
- Adjustable speed
- Easy new-note updates via USB and SD
- 500-note hopper and 200-note stacker
- Optional: external display, printer, PC
