

BNE-S210

Compact 3-Pocket Sorter

Triple pocket with fitness sorting
and serial number reading

The BNE-S210 is a compact **triple-pocket** sorter — simple, fast, accurate and easy to maintain. It sorts by **fitness** — soiling, tape, stains, holes, tears and folds — supports up to **60 currency types** with mixed counting and automatic detection, and reads and prints USD and EUR **serial numbers** with data analysis and statistical reports. Ideal for automating the bank's treasury and reducing custody risk.

Features

- Triple pocket for greater task versatility
- Up to 1,000 notes per minute
- 12-criteria fitness sorting
- Mixed counting with automatic detection
- Up to 60 currency types
- Multi-denomination CIS sensors
- Detection by CIS, magnetic, infrared and UV
- Sorts by orientation and note face
- USD/EUR serial number reading and printing
- S/N queries, logs and statistical reports
- 5" color touch screen
- Adjustable speed
- Easy new-note updates via USB and SD
- 500-note hopper, 2 stackers of 200
- Support for printer and external display
