

BR B100

Back-Office Cash Terminal

Complete automation of the note and coin cycle

The BR Series B100 from **SNBC** is a comprehensive **back-office** cash management terminal with a pure-white, minimalist, sophisticated monolithic design. It processes **12 notes per second** with a capacity of up to **17,000 notes** and 3,100 coins, in three available configurations: B100 (note recycling), B100C (coin recycling with 8 hoppers) and B100V (compact drop vault). Ideal for financial institutions, retailers and cash operators requiring full automation of the cash cycle.

Features

- Three configurations: B100, B100C and B100V
- Speed of 12 notes/s and 5 coins/s
- Up to 17,000 notes of capacity
- 5 cassettes of 3,400 notes (4 recycling + 1)
- 8 coin hoppers — 3,100 coins (B100C)
- Compact drop vault (B100V)
- 300-note input with shutter
- 300-note escrow
- UL291-certified safe
- Intel i5 PC, 8 GB RAM, 2× 512 GB SSD
- 15" touch screen
- Standard barcode reader
- Optional UPS with 15-minute backup
- Optional 3" thermal printer
- Optional finger-vein recognition module
- Minimalist pure-white monolithic design
