

BR C100T

Cash Recycling Solution

High-capacity self-service for bank branches

The BR Series C100T is an advanced **self-service cash recycling** device designed for banks and high-demand note handling environments. With high-speed processing of **12 notes per second** and a large capacity of up to **17,000 notes**, it optimizes cash flow and minimizes operating costs. Thanks to its intuitive touch screen, **secure access** system and easy deployment, the C100T fits perfectly in high-traffic bank branches and ATMs.

Features

- Processing of 12 notes per second
- Capacity of up to 17,000 notes
- High security with controlled access
- Counterfeit note detection
- User-friendly touch screen
- Flexible configuration and easy deployment
- Compact design for high bank traffic
- Self-service tower format
